## STANFORD'S REPLY.

To the Query About Influencing  
Legislation.

## THE 'LONSHOREMEN'S STRIKE.

How the Traffic Managers Beat the  
Law—On the Turf—British  
Bits—Other Notes.

**Stanford's Answer.**  
SAN FRANCISCO, July 29.—The examination of President Leland Stanford, of the Southern Pacific Railroad, was continued before the Pacific Railway Investigating Commission this morning. The following question was propounded to Stanford:  
"Have said companies, or either of them or their officers or agents, paid any money or other valuable consideration, or done any other act or thing for the purpose of influencing legislation?"  
A.—"No reduction will be made from that portion of the net earnings belonging to the United States on account of any expenditure for which declared and satisfactory vouchers are not furnished."  
"That's not answering the question," said Governor Pattison, "has the company spent any money to influence legislation?"  
Governor Stanford.—"I have answered the question. What we do with money that government does not share in as a creditor, or what we do not charge up to her needs no answer."  
In answer to other queries Stanford said: "The Central Pacific has spent no money in the construction of other roads, or in outside companies. The total amount of stock in the Central Pacific is \$100,000,000 of which \$68,000,000 has been issued."

**The Turf.**  
LONDON, July 29.—The racing at Goodwood was continued to-day. In the race for the Goodwood stakes, Carlton won, Beaver second, Stanislaus third.  
SARATOGA, July 29.—The attendance at the races, to-day, the first of the extra days of the season, was rather light. The weather was sultry and close, and the track fast and dusty.  
First race, three-quarters mile—Brambleton won, with Col. Owens second and Blessed third. Time, 1.16 1/2.  
Second race, one mile and three-sixteenths—Binnie won, with Amalgam second, Brat third. Time, 2.05.  
Third race, five furlongs, for maiden 2-year-olds, was won by McMahon's Voltiger, Amanda Warren colt, with Oscar second and Irma H. third. Time, 1.04 1/2.  
Fourth race, selling, with allowances, one mile. Nettie won, with Maggie Mitchell second and Burton third. Time, 1.44 1/2.  
Butler, the rider of Roysterer, was suspended until September 1st, for cutting down Escobedo.  
Fifth race, handicap hurdle, one mile and three-sixteenths, over five hurdles. Glenarm won, with Maggie May second and Lijero third. Lijero led over the first hurdle, Glenarm over the third and fourth. Glenarm then went to the front again and showed the way over the fifth hurdle, and coming in won by 3 lengths. There were ten lengths between the second and third, and the rest were straggling. Time 2.03 1/2.

**Opposed to the Strike.**  
NEW YORK, July 29.—The strike of longshoremen on North River promises to be a brief one. At a meeting last evening a large number expressed strong opposition to its continuance. The employees of the National Line are the only ones on actual strike. They refused, yesterday, to work with a number of non-union men, negroes. All longshoremen on North River, on Monday night, refused to do further night work for less than 80 cents an hour, and have done no night work since. All of them except the National Line men, however, are working during the day. A committee of men of the National Line called on Superintendent Andrews, to-day, offering to return for 20 cents an hour day work, and 45 cents for night work if non-union men are discharged. Andrews refused to discharge the men.

**Beating the Law.**  
ST. LOUIS, July 29.—The Republican claims to have discovered a new way by which traffic managers succeed in evading the discriminating section of the inter-state law. Every railroad has filed with its claim agent daily claims for damage for freight while in transit. Perhaps 5 per cent. of the claims have no merit, and are promptly pigeon-holed. This class are being resurrected by the tariff managers, and where the claimant is a large shipper, he is waited upon by the contracting agent who intimates that there is an old claim of his own filed that has never been properly examined, and if the agent says so the agent will have it re-examined. The agent feels sure if the shipper will throw all his business over the agent's line for a given period, the claim will be allowed.

**Thunder Storm.**  
FRANKLIN FALLS, N. H., July 29.—After three weeks' hot weather unequalled in the State, the most violent thunder storm occurred last night, raging ten hours, washing highways, breaking down crops and doing thousands of dollars worth of damage.

**Cable Clinks.**  
PARIS, July 29.—It is stated that France will join the sugar countries' conference on condition that a programme shall be previously formulated.

**MADRID, July 29.**—Government has abolished the Cuban and Porto Rican export duties on sugar spirits and honey.
